Hi Dhannya,

Would you have a visibility on any open sub-con roles in DCX or other BUs within Capgemini for Drupal experienced skill?

Regards

Rahul

Subject: Possibility of Extension or Other Opportunities

Hi Rahul,

I hope you're doing well.

I'm currently working as a developer on the PRISM (Drupal 10) project. As of now, my subcontractor account is set to expire on **30th June 2025**, which would also be my last working day.

I wanted to check in and see if there might be any possibility of extending my current engagement, or if there are any other opportunities within the organization that I could be considered for.

It's been a great experience working on the project, and I've really enjoyed being part of the team. I'd appreciate any guidance you can provide.

Thanks for your time, and I look forward to hearing from you.

Best regards,
Ashok S
